Nav Jeevan HSS Durala Meerut - **(2017)**

🎯 Skills

Frontend- HTML , CSS , JavaScript , Bootstrap , JQuery.
Database- MySQL

Backend- PHP , Laravel,Core Python.
Tools- Github , Windows.

🎯 Projects

*Admin Dashboard-

I developed and structured the Admin Dashboard using Laravel. The dashboard includes essential management features such as user handling, data display, and smooth navigation.including user registration, login, editing, pagination, and search. Overall, the entire admin panel is now fully functional, organized, and ready for use.

*E-commerce Website-

I developed a fully dynamic e-commerce website using Laravel. The complete UI was designed with Bootstrap to ensure a clean, responsive, and user-friendly layout, implemented dynamic product listing, categories, product details, cart system, checkout flow, and user management. Overall, the e-commerce site is fully functional, responsive, and ready for real-world use.
